

# Art After Dark Gift Certificates (print out this form):

## General Information

Download and print out this page containing the gift certificate form from your home computer. Check the type of gift you purchased from the list of "Eligible Products" and write the validation number on the line provided in the lower left corner of the gift certificate. The validation number is the same as the order number which appears on your sales invoice. If you did not write down or print out your sales invoice when you went through the online check-out then please email us for a copy of your unique validation number. This gift certificate can only be used once and is tracked using the validation number. We recommend you keep a record of your unique order validation number for any follow up inquiries.

## Rules for Redemption:

The gift cert recipient should first browse the gallery website and select the item of choice. Next call or email Art After Dark.com for redemption instructions. To redeem this gift certificate the recipient must be able to provide the validation # and the name of the person who purchased the certificate. This information is combined together for secure tracking purposes much like a "User Name & Password" on the internet. The gift recipient is not responsible for any additional costs including sales tax or the original cost of shipping (first delivery).

## CUT OUT THE GIFT CERTIFICATE FORM

*Gift Certificate*
